Get started in 3 easy steps

- 1. Sign up at https://termly.io
- 2. Scan your site for cookies and vendors
- 3. Embed your Termly script manually or via GTM template

All you need is the ability to add a code snippet into the header of your site, or the ability to add new tags to your GTM account.

At this link you can find our latest article that describes how to set up Consent Mode with Termly

Users typically take 1-2 hours to get Termly installed and Consent Mode enabled
